## FROM THE BOARD TABLE

### Bravery of staff, students recognized at Board of Education meeting

The quick reaction to keep students safe when a moose crashed into Sylvia Fedoruk School was recognized during the Dec. 7 meeting of the Saskatoon Board of Education.

Two staff members of the Boys & Girls Club of Saskatoon ensured students were able to exit the building after the moose burst through a window just before 9 a.m. on Nov. 4. School staff members in a nearby classroom then quickly opened an outside door and brought everyone inside to a safe place. Thanks to the quick thinking and actions of the staff no one was seriously hurt—only one bandage was required.

The story was shared with trustees by school administrators, along with one of the students who was present on that day and the student's parent.

Other meeting highlights included:

- The division's Human Resources department reports that as of Sept. 30, 2021, the school division has 1,574.64 FTE (full-time equivalent) employees on regular, replacement, and temporary contracts. That compares to 1,687.53 FTEs the previous year.
- Trustees were updated on the response to the COVID-19 pandemic. As of Dec. 7, 96 per cent of permanent, temporary, and substitute employees have been verified as fully vaccinated under the division's administrative procedure. As of Dec. 7, the school division had been notified of 319 cases this school year. Only one school remains in outbreak status. All classrooms that were temporarily providing remote learning have returned to in-class learning.

Reports and information presented at board meetings can be found at [saskatoonpublicschools.ca](https://saskatoonpublicschools.ca). The next meeting of the Board of Education is Tuesday, Jan. 11, 2022. Members of the public may attend regular board meetings virtually. Please contact [Estelle Allington](#), executive assistant to the Board of Education, to request a link to the virtual meeting.

## SASKATOON PUBLIC SCHOOLS ABOUT YOUR SCHOOL BOARD

**Q: How are the budget reductions made for 2021-22 academic year affecting schools?**

- There is a slight increase in some class sizes. We have worked to protect smaller schools from significant impacts.
- Due to the loss of some Central Office positions, there are fewer supports available to schools, including curriculum staff.
- Principals are carefully managing reduced school budgets.

If you have questions about the work of the board, contact your trustee.
