Employees of Saskatoon Public Schools may use the information collected on this form to help provide appropriate educational programming and support for the student. Contact information is collected to help us communicate effectively with the student's parents and guardians. Some of this demographic data may be shared with organizations we work with to help them provide the following services to our students: student ID cards, immunization, vision screening, hearing screening, and dental programs.

*We collect the student's Saskatchewan Health Number to use in case medical care is needed. This number, and other demographic information, is shared with Saskatchewan Learning to support the Student Tracking Program. This program is intended to identify school-aged youths not registered in school, so that action may be taken to help meet their educational needs. How this information is accessed, used, or disclosed is protected under the **Freedom of Information and Protection of Privacy Act and the Local Freedom of Information and Protection of Privacy Act.***
