

RAP

The Restorative Action Program (RAP) is a registered charity offering professional, community-based support in Saskatoon high schools. In partnership with local organizations and community supporters, RAP works to equip students with essential skills to navigate conflict, build healthy relationships, and reconnect with their schools and communities. RAP facilitators listen, understand, and validate students, creating a safe environment where youth can feel empowered and supported.

"High school is a lot more complicated now than it was when I was a kid. RAP empowers students to learn skills, to grow in relationships, and to thrive. I know my donation makes a difference."
