Brightwater Site

Brightwater Links

eNature.com

Bring nature to your computer by exploring info and photos of almost any North American plant or animal. Check out diverse habitats; get tips from Audubon experts, and more! <http://www.enature.com/>

Boreal Forest

<http://www.borealforest.org/index.php>

This web page was very good lots of pictures very easy to understand and has links to **Under plant** category: paper birch , Trembling aspen, Balsam poplar, White spruce, Saskatoon/service/June berry, Chokecherry, High bush cranberry, Red osier dogwood, wild raspberry, prairie Rose western snowberry/buck brush, Wild black current, wild strawberry, wild red current, common juniper.

Under animal category: Deer Mouse, Prairie shrew, Little Brown Bat, Least Chipmunk, Muskrat, Beaver, porcupine, Mink, Fox, Coyote, White tailed deer, Snowshoe hare, Striped Skunk, Raccoon.

Under Birds: Crow, Great horned owl, Red tailed hawk, Great Blue heron, Canada goose, Sharp tailed grouse, Mallard duck, Northern Flicker, Black-capped chickadee, Snowy Owl

Under plants (herbs): Wild sarsaparilla, Spreading dogbane

Wild Licorice

<http://www.holoweb.com/cannon/wildd.htm>

Good for older kids, easy to understand also good pictures.

<http://www.gov.mb.ca/agriculture/crops/medicinal/bkq00s09.html>

Information on plants and some historical medicinal uses

<http://plants.usda.gov/java/profile?symbol=GLLE3>

Information about and links to other plants

Hares

http://nature.ca/ukaliq/030act/014_quz_e.cfm

Paper Birch

<http://www.collectionscanada.ca/settlement/kids/021013-2030-e.html>

Crafts(how to make birch bark containers)and links to activities

Subnivean food webs

<http://www.northstar.k12.ak.us/schools/joy/creamers/water/Field.html>

Subnivean food webs

<http://www.lewis-clark.org/content/content-article.asp?ArticleID=2058>

Under snow tunnels

http://ecenter.colorado.edu/earthed/lessons/winter_ecology_curriculum.pdf

Some activities for subnivean and it mentioned watersheds

Trembling Aspen

<http://www.bcadventure.com/adventure/wilderness/forest/tremasp.htm>

Good site lots of information

<http://www.for.gov.bc.ca/hfd/library/documents/treebook/howtouse.htm>

Good site lots of different trees and information on ecosystems

<http://www.ag.ndsu.edu/trees/handbook/th-3-103.pdf>

Great pictures and lots of information

Quinzee

<http://www.call-wild.com/quinzee.html>

Instructions on how to build

<http://www.ed.mtu.edu/esmis/id197.htm>

Lesson plan for how to build a quiznee

Balsam Poplar

http://www.domtar.com/arbre/english/p_pbaul.htm

Information in very simple terms

<http://www.for.gov.bc.ca/hfd/library/documents/treebook/blackcottonwood.htm>

Information on traditional uses by first nations

Willow

<http://www.borealforest.org/shrubs/shrub44.htm>

http://www.ubcbotanicalgarden.org/potd/2005/04/salix_sp.php

White Spruce

http://www.ubcbotanicalgarden.org/potd/2005/04/salix_sp.php

<http://www.for.gov.bc.ca/hfd/library/documents/treebook/whitespruce.htm>

Excellent pictures

Saskatoon Berry

<http://www.for.gov.bc.ca/hfd/library/documents/treebook/whitespruce.htm>

Covers many native trees

ChokeCherry

<http://www.ag.ndsu.edu/trees/handbook/th-3-13.pdf>

<http://extension.usu.edu/rangeplants/Woody/chokecherry.htm>

High Bush Cranberry

*incorrect Latin name on sheet its **Veburnum trilobum** for the Canadian species*

<http://www.macphailwoods.org/shrub/hbcran.html>

Simple site good pictures lots of info a lot of links to other trees

http://www.rainyside.com/features/plant_gallery/shrubs/Viburnum_trilobum.html

Red Osier Dogwood

<http://www.cnr.vt.edu/DENDRO/DENDROLOGY/SYLLABUS/factsheet.cfm?ID=207>

Good pictures

<http://www.wildaboutgardening.org/en/features/section5/dogwood/dogwood.htm>

Good pictures

Northern gooseberry

<http://dnr.wi.gov/org/land/er/factsheets/plants/hawgoos.htm>

Good pictures

<http://dnr.wi.gov/org/land/er/factsheets/plants/hawgoos.htm>

Wild Raspberry

<http://www.borealforest.org/shrubs/shrub40.htm>

Good pictures

<http://middlepath.com.au/plant/raspberry.php>

Prairie Rose

http://en.wikipedia.org/wiki/Wild_Prairie_Rose

Nice pictures, but may be too technical

<http://www.bedtime-story.com/bedtime-story/sioux-prairierose.htm>

Good site has a cute native story about the plant and some nice pictures

Dandelion

<http://www.goshen.edu/bio/Woods/flowers.html>

Beautiful pictures

General Excellent Sites

<http://www.sciencenewsforkids.org/>

An excellent site for young kids very easy to use with several plant and animal pages

<http://www.hhmi.org/coolscience/>

Great biology site

<http://kids.earth.nasa.gov/droplet.html>

Water cycle game

http://www.kidsbiology.com/biology_basics/index.php

Cool site

<http://www.gigglemoose.com/index.html>

Covers how to build a quiznee

<http://whatbird.wildbird.com/mwg/ /0/attrs.aspx>

Over 1000 birds in a data base to help you identify what birds you saw

<http://www.kinderstart.com/animalfriends/>

Information on animals

http://en.wikipedia.org/wiki/Trees_of_Canada

Tree or bush are listed in alphabetical order using the Latin name

EcoKids Clubhouse

Includes games, news and facts about animals, special guests, gallery of children's art, and a discussion area.

<http://www.ecokidsonline.com/pub/>

Animal Bytes

Find information about many different animals. Includes their scientific classification, fun facts, and biological value.

<http://www.seaworld.org/animal-info/animal-bytes/index.htm>

Animal Diversity Web

Provides comprehensive data on all kinds of animals, from mammals to chinoderms. Features a quick search tool for finding specific animals.

<http://animaldiversity.ummz.umich.edu/>

Animal Doc Com

Ever think about being a veterinarian? Find out what vet students are learning about dogs, horses, sheep, cattle, llamas, and more from The University of Georgia. You can even ask a vet a question!

<http://www.uga.edu/~lam/kids/>

Animal Explorers

Presents a series of multimedia learning experiences on animal and science-related subjects for kids like you!

<http://www.animalexplorers.org/>

Animal Planet

The network that's nothing but animals.

<http://animal.discovery.com/>

Animal Resources - Sea World

Facts on more than just lions, tigers, and bears. Oh my!

<http://www.seaworld.org/infobook.html>

@Animal Senses

</directory/Science-and-Nature/Living-Things/Biology/Ana...>

Animal Tribe Totems

Learn about animal wisdom based on the beliefs of many indigenous cultures, send an ecard, and even make your own totem pole.

<http://www.animaltribe.com/>

Animals

Provides an easy to understand overview of animals from protozoa and echinoderms to insects, mammals, birds, and fish.

<http://www.mcwdn.org/Animals/AnimalsFrame.html>

Animals A to Z

Learn about your favorite zoo animals from the Oakland Zoo.

<http://www.oaklandzoo.org/atoz/atoz.html>

Animals at the WNC Nature Center

Learn about all sorts of mammals, birds, and even a few reptiles and livestock.

<http://wildwnc.org/af/index.html>

Animals Behaving Badly

Discover what happens when humans and wild animals compete for living space.

Check out some photos and video clips of animals that have found ways to survive in the human world.

<http://www.pbs.org/wnet/nature/behaving/>

Animals in Our Backyard

Map of animals from the nature trail at Pocantico Hills School in New York. There are facts, student art, and photographs for each animal.

<http://www2.lhric.org/pocantico/trail/trail.htm>

Animals of the World

Check out the work that these 1st grade students have done on their favorite animals.

<http://www.scu.k12.ca.us/pomeroy/1st/Animals.html>

Animals Wild and Wonderful

Cute descriptions of animals from the Johannesburg SPCA, including elephants, lions, silk worms, and whales.

<http://www.jspca.org.za/Default.htm>

Animals, Myths, and Legends

Read tales from Oban the Knowledge Keeper. Includes legends like How the Kangaroo Got Its Tail, How Kangaroo Gets a Pouch, and Crow Brings Daylight.

<http://www.planetozkids.com/oban/Home/home.html>

ASPCA's Animaland

Visit the ASPCA's special kids section for the lowdown on the animal kingdom. You can ask Azula anything about animals, play some games, or read about wild careers too! <http://www.animaland.org/>

Baby Tales

Take a look at childhood in the animal kingdom, including breeding habits, inter-species parenting, and some really cute animal pictures on this PBS site

<http://www.pbs.org/wnet/nature/baby/>

BBC – Animals

Includes webcams, weekly features, animal news, and sections on pets. You can also follow BBC into the wild or try out some fun quizzes and activities.

<http://www.bbc.co.uk/nature/animals/>

e the Creature

Get episode summaries, animal pictures and videos, and show outtakes from the nature series presented by the Kratt brothers. You can also download ecards, wallpapers, and screen savers. Also in French

<http://www.bethecreature.tv/>

Bloody Suckers

Meet the real-life animals that feed on blood, see photos and special features, and download wallpaper. From the PBS NATURE series.

<http://www.pbs.org/wnet/nature/bloodysuckers/>

Borrigo.com

Check out this fun page that has tons of animal pictures, sounds, and descriptions

<http://www.borrigo.com/>

Creature Feature Archive

Get to know some of the most interesting and unusual members of the wild world, from cheetahs to crocodiles and whales to warthogs. Dive in for photos, video, audio, postcards, fun facts, and more! From National Geographic's archives.

http://www.nationalgeographic.com/kids/creature_feature...

Creature Features

Get craft ideas, learn how to draw different animals, play tons of fun games, see a gallery of pets, find out some pet facts, and so much more!

<http://www.abc.net.au/creaturefeatures/default.htm>

Critter Clinic

Find out about veterinarians and the animals they treat on this site created by students.

<http://www.shrewsbury-ma.gov/schools/beal/curriculum/cr...>

Critter Guide

Search for animals by category or name and find animal profiles that include fun facts, from PBS' NATURE series.

<http://www.pbs.org/wnet/nature/critter.html>

Crittercam Chronicles

Find out what animals do when we're not around to watch!

<http://www.nationalgeographic.com/crittercam/index.html>

Cyber Zoo

Large collection of animals from various biomes. Includes photos and animal movies, mostly using Quicktime.

<http://lsb.syr.edu/projects/cyberzoo/index.html>

Cyber Zoomobile

Pictures and rather detailed information on animals ranging from lions and tigers to dogs, bears, and others.

<http://home.globalcrossing.net/~brendel/>

Defenders of Wildlife: Kids' Planet

Check out fact sheets on all kinds of animals, play wild games, and learn about worldwide wolves!

<http://www.kidsplanet.org/>

EEK! Environmental Education for Kids

Get all sorts of neat information about plants, animals, and the great outdoors. This neat magazine is brought to you by the Wisconsin Department of Natural Resources.

<http://www.dnr.state.wi.us/org/caer/ce/eeek/>
