Board of Education approves 2021-22 budget

The Saskatoon Board of Education approved its operating budget for the upcoming academic year during a meeting held June 15.

The budget includes expenses of \$287.7 million, an increase of \$9.4 million over last year. Provincial government operating funding increased two per cent (\$4.6 million) for the year, which mainly covers the provincially negotiated salary increase for teachers. However, contracted increases for other staff, inflationary costs and rising student needs are not addressed by this funding, resulting in an \$8-million shortfall.

Additional budget details are available at saskatoonpublicschools.ca or on your school's website.

Other meeting highlights included:

- The once-a week bike bus initiative at Lakeridge School was recognized during the Celebrating Excellence portion of the meeting. Trustees were told the bike bus has supported student health and well-being and has fostered a sense of community and commitment to active transportation and helped to reinforce healthy decision making. The division's Move to Grow campaign has played an important role in encouraging students and families to pursue active transportation options for travelling to and from school.
- Trustees received an update on the Early Learner Tutor Program, supported by the Saskatoon Public Schools Foundation. The program connects grade 2-3 students who require additional reading supports with literacy tutors. The tutors, who are superannuated teachers, deliver instruction addressing foundational reading skills with the goal of helping students to move toward grade-level performance and increase student self-esteem and confidence.
