School buses, taxis cancelled Thursday as classes resume

School buses and taxis serving Saskatoon Public Schools students are cancelled Thursday while classes will resume as scheduled following this week's severe winter storm.

Classes resume Thursday for all elementary schools and collegiates in the school division. However, all school buses operated by First Student, Hertz, and LP3 are cancelled, as well as all taxis that transport students to school. This decision was made due to the challenging conditions that remain on many residential streets, making it difficult for buses to navigate and creating potentially unsafe situations for students.

The cancellation will last for the entire day. Families who rely on school buses or taxis are asked to find alternate transportation to school.

Secondary students who rely on Saskatoon Transit for transport to school should check for service alerts at www.saskatoontransit.ca, on the [Transit](#) app, or [Google Maps Transit](#).
