School buses, taxis cancelled Friday

School buses and taxis serving Saskatoon Public Schools students are cancelled Friday in the wake of this week's severe winter storm.

Classes continue Friday for all elementary schools and collegiates in the school division. However, all school buses operated by First Student, Hertz, and LP3 are cancelled, as well as all taxis that transport students to school.

The cancellation will last for the entire day. Families who rely on school buses or taxis are asked to find alternate transportation to school. School buses and taxis are expected to resume regular service on Monday.

Secondary students who rely on Saskatoon Transit for transport to school should check for service alerts at www.saskatoontransit.ca, on the [Transit](#) app, or [Google Maps Transit](#).
