Outbreak declared at École Henry Kelsey

The Saskatchewan Health Authority (SHA) has declared an outbreak at École Henry Kelsey.

The SHA notified the school division about the outbreak declaration today. Communication about the outbreak declaration has been shared with students, staff, and the school community. Classes at the school will continue as scheduled.

To date, École Henry Kelsey has had one positive case of COVID-19 this school year, which was identified on January 14. One classroom was closed due to an isolation order but will reopen Monday.

Since the start of the school year, Saskatoon Public Schools has had 192 positive cases at 48 locations in the division – 47 schools and the board office.

The safety of our students and staff members is our first priority. The safety protocols our schools have put in place are critical to reducing the risk of transmission. Mask requirements, proper hand hygiene, physical distancing when possible, and cohorting classes are all measures our schools have implemented to help protect students and staff members. These measures will significantly reduce the spread of the virus.
