The Saskatchewan Ministry of Education's prekindergarten program is a developmentally appropriate early childhood education program for three- and four-year-old children. Space is limited to sixteen students and for children who would benefit most from enhanced programming are prioritized for enrolment.

When registering for the new school year, families are welcome to submit a prekindergarten application in the spring. Applications are also accepted throughout the year and spaces as they become available. All applications will be reviewed by the school team. Priority will be given to students who reside in the school catchment (neighborhood) area, are of the appropriate age and most benefit from enhanced programming. Programs will prioritize these criteria and place four-year-old children first.

Schools with a full day program, may not be able to accommodate all family requests. There is one program per allocated school. If your child cannot be accommodated in a full day program, all attempts will be made to have your child placed in a half day program or provide referrals for another full day program.
