FRENCH IMMERSION

Why Learn A Second Language?

Second language learning provides opportunities to

- Communicate in both French and English
- Enhance listening, creative and critical thinking skills
- Increase post-secondary educational and employment opportunities
- Participate more fully in travel opportunities across Canada and abroad
- Enhance appreciation of aspects of multiculturalism
- Develop a 'love of language'

This is an exciting time as your child begins their formal education. We believe in frequent, open communication between home and school. Together we will ensure your child is off to a great start!

We want every child to thrive and feel confident. We realize each child learns in their own unique way. We offer many opportunities for your child to learn and to demonstrate what they know throughout the subject areas.

Your child's learning experience is our number one priority. Your child will learn about positive peer relationships, friendships, being assertive, and effective problem-solving.
