School Reopening Plan
2020-2021
Things looked different last spring!

- But we made it!

- North Park Wilson is getting ready for our students this year and though things will seem different at first

We’re still …

Hello and Welcome Back!

- We hope you all had a chance to read over the Parent and Caregiver Reopening Handbook. There is important information throughout the document. You can access this document at the link below.

- Kindergarten students will transition to school using **staggered start dates September 8th – 11th**.

- Students will attend in small groups for half a day. This allows for the children to learn procedures in smaller groups to become familiar with the classroom routines in a comfortable setting.

- Each class will have assigned washrooms to decrease traffic in both our Jr and Sr areas.
  - Our Atrium area allows us space for students to move around our school safely

Thank you for keeping our school safe for our students!

Thank You...

- For reading this PowerPoint and sharing the pictures and our school plan with your children in advance of school start up
- For ensuring your child understands the importance of these safety measures to help keep our students and staff safe
- For your understanding, patience, and flexibility. We understand how these changes will make the school look and feel a little different. What has not changed is our relationships, our dedication to learning, and our advocacy to support the children in our care. You can count on staff supporting students, explicitly teaching, and monitoring these safety practices as necessitated. Any adjustments to these plans will be communicated with parents/caregivers in a timely fashion.
- Please reach out at any time you require clarification! As always, we are open to feedback to include your thoughts, ideas, and concerns as we reevaluate the efficacy of our routines and protocols.
